

TOURING

BIVOUAC CAR

Designed for fans of touring camping, the BIVOUAC CAR awning fits campervans and people movers and is designed to fit campervans and motorhomes. It provides complete freedom during your travels. This standalone awning has a side door and boasts the option of being left pitched when the vehicle leaves camp. An efficient tunnel shelter, you'll love how lightweight it is, thanks to its fibreglass structure. The BIVOUAC CAR awning boasts generous dimensions, including a depth of 3.30 m. Taking up minimal space, it is extremely compact when folded and can easily be stored in your luggage.

SPECIAL FEATURES

- Front door can be raised as an awning
- 2 side mosquito screens with blinds
- Rear canopy acting as a waterproof porch over the vehicle.
- 1 side entry
- Adapter skirt covering the roof of the vehicle, held by guy lines attached to the back of the vehicle
- Door separating the porch and living space
