SAISONS 3

Experience a new way to holiday with the LIMA awning! Its elegant, original design and rotunda shape provide maximum floor space. You'll enjoy the large, clear windows offering a panoramic view and the openings fitted with mosquito screens to keep annoying insects out. A side annex can be added for use as a storage space or sleeping space. Part of the AIR CAMP range, the LIMA awning has a particular, must-have asset: CAMPCLIMATE fabric, which offers comfort and breathability in all conditions. This fabric is also lightweight and water-repellent, demonstrating exceptional resistance. Roof lining is included as standard for maximum insulated comfort.
