OCÉAN

3 SEASONS

Discover the OCÉAN, a travel awning designed for seasonal use, and which meets all your needs and expectations. This incredibly modular awning features removable and adjustable panels with a large front window which lets the light stream in. It boasts the advantage of a depth of 2.50 m. The TRIGATEX 220 canvas considerably reduces the appearance of condensation. The living space is pleasant in any weather, with perfect ventilation provided by two vents with covers under the canopy. This awning is easy to set up yourself thanks to its linked frame poles. Popular because of its excellent value for money, the OCÉAN awning is a modular, comfortable, and durable model with many options available.
